Grand Opening of the Enerplex

The City of Fort St. John is gearing up for the Grand Opening of the Enerplex! The Community Services Department has been putting together a very exciting schedule of celebrations that will showcase our newest state-of-the-art recreation facility.

On October 13, 2010, we will be holding the official ribbon cutting ceremony starting at 6:00pm. Come out and enjoy local entertainment, the official ribbon cutting and to top off the evening, a fireworks display and F18's flying over the building signifying the Grand Opening.

On October 14, 2010, we are planning a community day at the Enerplex. We welcome all community members down to the Enerplex for a fun afternoon exploring the facility and enjoying the many free activities that are planned.

"This facility is a great opportunity for our community. We have the ability to offer a variety of different sports and activities in one area within the Enerplex. Our newest facility gives us a great advantage for recreation opportunities in the City of Fort St. John," says Mayor Lantz.

Watch the City's website at www.fortstjohn.ca for more details!
