2021 Capital Projects Construction Bulletin

Kin Park

Kin Park is one of the communities largest destinations parks, and after extensive community input, we are upgrading it with new play equipment, multi-use and boarded outdoor rinks, and much more. Phase one of this multi-year project will see work on the west side of the park.

Week of July 15, 2021 Update

Since the June 24, 2021 update, the following activities have occurred:

- Continued material clearing and excavation
- Began multi-use trail preparation
- Began installation of underground utilities
- Subbase placement for boarded and multi-purpose rinks

Work planned for the reporting next period

- Continued installation of underground utilities
- Continued multi-use trail preparation
- Begin preparing for activity pods
- Demolition of the existing clubhouse building
- Preparations for parking lot and begin required excavation and subbase placement

BOARDED RINK IN KIN PARK SUBBASE INSTALLED

81 Street

81 Street between 100 and 101 avenues is being upgraded to a paved road complete with new underground utilities and street lighting.

Week of July 15, 2021 Update

Since the June 24, 2021 update, the following activities have occurred:

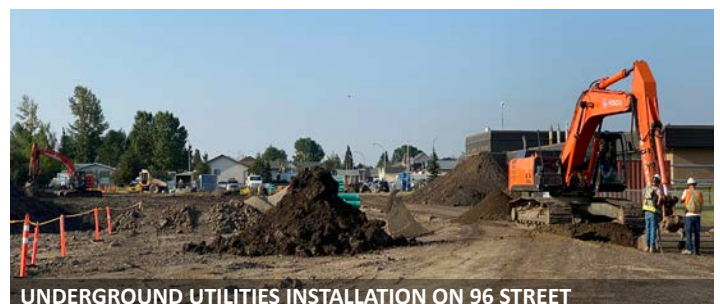

- Excavation and installation of water main beginning at 101 Avenue and working south
- Installation of fire hydrant to improve fire response capabilities

Work planned for the reporting next period

- Continued water main installation
- Testing of water main following installation
- Begin installation of storm sewer main

UNDERGROUND UTILITIES INSTALLATION ON 81 STREET

UNDERGROUND UTILITIES INSTALLATION ON 96 STREET

112 Avenue

112 Avenue between 104 and 106 streets will be reconstructed with new underground utilities, sidewalks, and street lighting. The project also includes trail upgrades between 111 and 112 avenues, upgrades to 104 Street north of 111 Avenue, and upgrades to Triangle Park.

Week of July 15, 2021 Update

Since the June 24, 2021 update, the following activities have occurred:

- Site preparation and survey layouts
- Material and pavement removals

Work planned for the reporting next period

- Installation of underground utilities
- Set up overland water supply

107 Avenue Sidewalk

Installation of sidewalks and street lighting on 107 Avenue between 90 and 92 streets in front of Dr. Kearney Middle School.

Week of July 15, 2021 Update
