SPECIAL OCCASION LICENCE POLICY
Council Policy No. 128/15

PURPOSE:

The Purpose of the Special Occasion Licence Policy is to set parameters for responding to special occasion license applications in and on City owned lands or buildings, allowing for appropriate management of the many uses of our community infrastructure to ensure that our varied demographic continues to have access to municipal infrastructure in an inclusive, enjoyable, and safe manner.

POLICY:

Alcohol in/on City Lands

Renters/Users of the City’s lands or facilities shall not permit liquor, beer or any other alcoholic beverages on/in any premises. Failure to comply will result in the RCMP being called and the immediate suspension of rental privileges for the group.

Special Events

For events that include alcohol through a Special Occasion License, it is understood that all or almost all of the benefits occur to the User as per the Benefits Based Approach to publicly provided leisure services. Rates shall reflect this policy and approach.

Special Occasion Licenses shall be considered for special events that occur in/on other City facilities or lands, including but not limited to the Pomeroy Sport Centre, North Peace Arena, Kids Arena-Fieldhouse, City Hall, Surerus Park, Kin Park, or any other municipally owned buildings, community parks, trails, or roads.

In accordance with the Provincial Liquor Control and Licensing Act:

- there is now the ability to apply for whole site licencing for public events rather than in a segregated area,
- “events of less than 500 people (routine events) licences will be granted without liquor inspector involvement and beverage garden areas will generally not be required”,
- the Act allows for major events (over 500 people) to obtain whole site licensing with the Liquor Control Inspector having the ability to segregate a consumption area if deemed necessary from a public safety perspective,
- special occasion licences will be permitted to sell spirit drinks but no more than two standard size servings per customer at a time and no greater than 1.5 oz (43 ml) per serving,
- minors are not allowed in segregated special occasion areas,
- minors are allowed into events where the entire premises, property is licenced although cannot consume alcohol.
