

PARKING BYLAWS

SAFE & RESPECTFUL PARKING

A person must not stop or park a vehicle:

- 1** within 6m of a stop sign
- 2** on or within 6m of a crosswalk
- 3** on or within 15m of a railroad crossing
- 4** where it blocks alley access
- 5** on a sidewalk (even partially)
- 6** on a boulevard
- 7** on or in front of trails
- 8** against traffic direction
- 9** in front of a public or private driveway
- 10** where it encroaches on the sidewalk
- 11** within 5m of a hydrant

Look for hydrants, driveways, signs, and crosswalks.

Safe parking helps drivers, pedestrians, cyclists, and emergency crews.

When in doubt, leave space. Give yourself extra room from intersections & hydrants.
