

REQUEST FOR PROPOSALS

CITY OF FORT ST. JOHN – COMMUNITY SERVICES

2026 North Peace Leisure Pool (NPLP) Boiler Replacement

The City is seeking a qualified and experienced Commercial Mechanical Contractor with expertise in commercial heating plant systems to assess the condition of the existing boiler plant and provide a complete solution for its replacement. The Work includes the evaluation, design development, supply, installation, and commissioning of a new boiler system to replace the existing end-of-life equipment, along with targeted upgrades as identified in this RFP.

The proposed system shall be designed to meet or exceed the performance and capacity of the existing installation, incorporate appropriate redundancy, and integrate with the current facility systems with minimal modification. All work must comply with applicable codes, standards, and regulatory requirements, and the resulting system shall be suitable for reliable operation, maintenance, and service within the region.

RFP Administration and Key Dates

All RFP documentation will be administered and managed through the City's electronic tendering platform: <https://fortstjohn.bidsandtenders.ca/>

This RFP document will be issued electronically and will be available for download from the tendering website beginning **May 26, 2026**.

Proposals must be submitted through the tendering website no later than **June 16, 2026, at 2:00 PM (local time)**. Submissions received after this deadline, or by any other method, will not be accepted.

All inquiries regarding this RFP must be submitted through the tendering website and directed to:

Kylah Bryde

Director of Community Services

Questions must be received no later than **June 8, 2026 at 2:00 PM (local time)**.
